Re: **People of MI v Alexander Walker**

Docket No. **268290**

L.C. No. **97-012081 FH**

Christopher M. Murray, Chief Judge Pro Tem, acting under MCR 7.203(F)(1) and 7.216(A)(10), orders:

The delayed application for leave to appeal filed on February 9, 2006, is DISMISSED for lack of jurisdiction because the application for leave to appeal was not filed within 12 months of the August 5, 1998, judgment of sentence as required by MCR 7.205(F)(3) and the July 21, 2005, request for appellate counsel was not made within 12 months of the judgment of sentence as required by MCR 7.205(F)(4). See *People v Houlihan*, ___ Mich ___ (2008) (No. 128340, decided April 18, 2008), citing *Simmons v Kapture*, ___ F3d ___ (Docket No. 03-2609), for the rule that *Halbert v Michigan*, 545 US 605; 125 S Ct 2582; 162 L Ed2d 552 (2005), does not have retroactive application.
